New Release Details

1. New Release: on the box, name of the single, EP, or album name
2. Main Artist: Create Artist, for the first time, you need to create an artist or band name. Once you create and select on the box, add a main artist
3. Release Date: We recommend picking up to 5 days for an order to appear on time on social platforms like TikTok, Instagram, Facebook, and Snapchat
4. If you want a Tunes preorder, we recommend more than 10 days

Release Genres & Label Info:

1. Release Genres & Label Info: Select the primary Genre in the box twice
2. UPC, live as it is, unless you transfer from another distributor
3. If you're a Label Record, you need to click on the Add new Label button and add to the empty box, or just leave the ones that are already there
4. On the Copyright year, just leave it the way it is. On the Copyright Holder, you can add the Label name or wherever you desire

HERE'S A DETAILED STEP-BY-STEP ON HOW TO UPLOAD YOUR MUSIC TO MASTERSTREAMS

Welcome to MasterStreams Royalty Splits

Automatically assign a percentage of your royalties to your collaborators

- ✓ Automatically split your royalties with other collaborators - eg. band members, managers, songwriters, producers and more.
- ✓ Your collaborator will be sent an email invite after you confirm their splits. They need to accept the invite to receive their share of royalties.
- ✓ Free for all MasterStreams members and new collaborators (it's FREE for anybody to sign up)
- ✓ Change or edit your split percentages at any time (changes will apply to future payments only)
- ✓ Please get your new or updated splits confirmed before the end of each month to ensure they apply to the next royalty load. (Remember royalties are paid approx. 3 months after stream date).
- ✓ When your royalties are loaded you will see them reported in your [Sales & Payments](#) dashboard under the my collaborations menu.
